Sites I currently manage:

2024 – Present

Website Specialist

<https://www.motability.co.uk/>

- The main site for the Motability scheme; with over 700,000 customers in 2023 alone.
- Site consists of a constantly updating data base of vehicles, powered wheelchairs and mobility scooters.
- I work with wider teams such as marketing and customer relations to make sure that the best content is always on the site.
- SEO updates and optimisations made regularly.

CMS used:
Sitecore

<https://www.mo.co.uk/>

- The corporate site for the Motability Scheme.
- This site hosts the careers aspect as well as corporate news and views.
- I make regular content changes.
- Regular on page and off page SEO updates are made to the site.
- Regular meetings and updates are held with key stakeholders such as HR and legal to make sure that all content is accurate.

CMS used:
Umbraco

<https://news.motability.co.uk/>

- The news and public information site for the Motability Scheme.
- Regular blogs, news articles and public opinion pieces are added to the news website for the Motability scheme.
- Images and assets within the Motability scheme are regularly updated and optimised to display accurately across different CMS.

CMS used:
WordPress

Sites I have built:

2023 – 2024

Website Manager

Throughout my time at CFone Communications, I have built many sites across the taxi and minicab industry. Specialising in the minicab and taxi industry, I have helped many small and local businesses flourish by bolstering their online presence.

Examples of some sites I have built:

- gucarsltd.co.uk
- mordenstationminicabs.co.uk
- aerialcars.co.uk
- altaxiline.co.uk
- forestcars.com
- expresscarsheathrow.co.uk
- acaciacarsheathrow.co.uk
- croydoncarriage.co.uk +1
- elitecarservice.com
- raynesparkminicabs.co.uk
- wimbledonminicabs.co.uk
- burlingtonminicabs.co.uk
- harnameng.co.uk
- bracknellcars.co.uk
- wimbledonminicab.com
- yellowminicabs.co.uk
